Speech of the relevant teacher:

Hi. My name is Touraj (Турадж). I am a foreign English teacher with a background in Tourism, Mountaineering and Customs Duties.

A bit of information over my background would sound like this: since the very childhood I had a big desire to learn and be able to teach American English that's why on the way after my goal I moved to the US when I was a teenager. There I indeed managed to get the most out of it.

Following that in 2003 I emigrated to Ukraine for further studies in a new major. My career in teaching English as a second language to international students spans over ten years. So far I have dealt with an enormously wide range of language learners and really feel happy that by now most of them have reached or passed the advanced level.

Although I believe teaching English is fun in all its aspects, I particularly enjoy this activity when it comes to Preparation Courses for TOEFL iBT (Test of English as a Foreign Language – Internet Based).

The material I use for this course derives directly from the "ETS Official Guide to the TOEFL Test" which, in my experience, is a truly appropriate source to help future-examinees get both practically and psychologically prepared for the test.

It is my honor to be here in Kharkov and have the chance of interacting with dear Ukrainian English learners.

At the end I would like to add a short phrase that I unyieldingly believe in: where there is a will, there is a way!
